Volume 4, Contents

• Anti-inflammatory Potential of Sapopose Loaded Chitosan Nanoparticles in Streptozotocin-Induced Experimental Dementia - V. Satiga, D. Chopra, N. Singh and B.S. Seshon • Formulation and Evaluation of Extended Release Trihexyphenidyl Hydrochloride Hard Gelatin Capsules - A. Vinay Kumar, S. Jagan Mohan, V. Ketan Kumar and V. Vishal

Volume 4, Issue 2 July - September, 2011

About the Editor-in-Chief

Dr. Samba Reddy is a Associate Professor & Principal Investigator at Texas A&M University, a premier institution in the USA and the 10th largest university in the world. He is teaching advanced courses and directing a research program in new drug discovery and development. He holds a special assignment as a Chartered Member of the U.S.Govt. National Institutes of Health (NIH) Grant Review panel, one of the biggest scientific honors in the USA.

Despite being from humble background, he has excelled in every field and became one of the most successful new pharmaceutical researchers in the world. After primary education in his native Cherlapally village in Warangal district, he attended High School in Parkal, and got his Diploma in Pharmacy (D.Pharm) from Govt. Junior College, Parkal. He completed the Bachelor of Pharmacy degree (B.Pharm) in 1992 from Kakatiya University working with Professor Kulkarni in Chandigarh. He served as Lecturer for two years at Panjab University.

He holds a special assignment as a Chartered Member of the U.S.Govt. National Institutes of Health (NIH) Grant Review panel, one of the biggest scientific honors in the USA.

In 2004, he received the prestigious Faculty Research Award by the Sigma Xi Scientific society for his outstanding research on new antiepileptic drugs. In 2008, Dr. Reddy was awarded with the New Chief Editor & Improved Standards Subscription today……..for Volume 5, April 2012 - March 2013

Dear Subscribers & Researchers:

Greetings!

I am pleased to announce that I have been appointed as Chief Editor of IJPSN. The journal publisher, Pharma Book Syndicate, has made a special request to take up this key editorial task of the journal. Our main goal is to continue to improve the publication of high quality papers and the implementation of internationally standard peer-review system for evaluation of papers. The ultimate goal is to attain a high impact factor for IJPSN and inclusion in the PubMed. I am thankful to the Publisher and the previous Chief Editor Prof. V. Malla Reddy for their help and support with journal activities during the past several years.

With mushrooming journals and business in private pharmacy education, the standards of scientific publication in the field of pharmaceutical sciences should be strictly adhered to and improved progressively in line with the recent advances in the profession. IJPSN is making huge waves across the globe with its high-quality manuscripts and editorial services. As you know, IJPSN has earned a solid reputation and the confidence of many Pharma researchers in India and abroad as a direct outcome of successful implementation of international peer-review editorial practices. This hallmark articles published in the IJPSN include new methodology, new molecule synthesis, new delivery systems and comprehensive reviews on current topics of interest to pharmaceutical industry and academic research. Congratulations to the Publisher and the entire Editorial board for such an amazing accomplishment in such a short time. The Journal's editorial team is committed to publishing the best research in the Pharma Field.

I will strive to maintain our high standards and editorial practices in the future. Working with our knowledgeable and international Editorial Advisory Board members, the Executive Review Editors and I can assure you of a robust, fast and fair peer-review process. I invite you to send us your current and future manuscripts for publication in the IJPSN. Please share and forward this brochure with fellow researchers and librarians.

Best regards,
Dr. Samba Reddy
Editor-in-Chief
