Preface	(v)
---------------	-----

Chapter 1: Hospital and its Organization

1.1	Introduction	1
1.1.1	Why hospital is called City within City (CwC)?	1
1.2	Health Care- Primary, Secondary and Tertiary	2
1.2.1	Primary Health Care (PHC)	2
1.2.2	Secondary Health Care (SHC)	3
1.2.3	Tertiary Health Care (THC)	3
1.3	Classification of Hospitals	4
1.4	Functions of a Modern Hospital	7
1.5	Organization Structure and Administration of a Hospital	8
1.6	Hospital Pyramid: An Organisational Structure	9
1.7	Hospital Services	9
1.7.1	Administration Services	9
1.7.2	Informational Services	10
1.7.3	Therapeutic Services	10
1.7.4	Diagnostic Services	12
1.7.5	Support Services	12
	Exercise	14
	Multiple Choice Questions	14
	Essay Type Questions	14
	Short Type Questions	14
	Two Marks Questions	15

Chapter 2: Hospital Pharmacy and its Organization

2.1	Introduction	16
2.2	Objectives of Hospital Pharmacy	16
2.3	Functions of Hospital Pharmacy	16

2.4	Organization Structure	18
2.4.1	Floor and Space Required in Hospital Pharmacy	20
2.4.2	Staff Requirement	21
2.5	Flow Charts for Men/Patients and Materials	23
2.5.1	Flow Charts for Men/Patients	23
2.5.2	Flow Charts for Materials	23
2.6	Facilities Available in Hospital Pharmacy	24
2.7	Responsibilities of Hospital Pharmacist	26
2.8	Functions of Hospital Pharmacists	26
	Exercise	27
	Multiple Choice Questions	27
	Essay Type Questions	27
	Short Type Questions	27
	Two Marks Questions	28

Chapter 3: Adverse Drug Reaction

3.1	Introduction	29
3.2	Classification of Adverse Drug Reaction	30
3.2.1	Adverse Drug Reactions: Type A	30
3.2.2	Adverse drug Reactions: Type B	31
3.3	Drug Interaction	32
3.4	Drug Interactions- Beneficial Interactions	32
3.4.1	Food-Drug Interactions	32
3.4.2	Adverse Interaction	33
3.4.3	Pharmaceutical Drug Interactions	33
3.4.4	Pharmacodynamic Drug Interactions	34
3.4.5	Pharmacokinetic Drug Interactions	34
3.5	Reasons/Cause of Adverse Reaction	34
3.6	Methods of Detecting Drug Interactions	35
3.7	Methods Applied for Detection of ADRs in Hospitals	35
3.8	Record Linkage Studies	36
3.9	Adverse Drug Reaction Reporting and Management	37
3.10	Benefits of ADR Monitoring and Reporting System	38

3.11 Role of the Pharmacist	39
<i>Exercise</i>	39
<i>Multiple Choice Questions</i>	39
<i>Essay Type Questions</i>	40
<i>Short Type Questions</i>	40
<i>Two Marks Questions</i>	40
Chapter 4: Community Pharmacy	
4.1 Introduction	41
4.1.1 Definition	41
4.2 Scope of Community Pharmacy	42
4.3 Legal Requirements for Establishments of Drug Store	42
4.4 Drug License	42
4.4.1 Conditions for General License	42
4.4.2 Restricted License	43
4.4.3 Conditions for Restricted License	43
4.4.4 Staff or Personnel Approval	43
4.5 Organization and Design of Retail and Wholesale Drug Store	43
4.6 Objectives of Drug Store Design	45
4.7 Design of Retail and Wholesale Drug Store	45
4.7.1 Types of a Drug Store	46
4.8 Maintenance of Various Registers (Records) in Community Pharmacy	46
<i>Exercise</i>	48
<i>Multiple Choice Questions</i>	48
<i>Essay Type Questions</i>	48
<i>Short Type Questions</i>	49
<i>Two Marks Questions</i>	49
Chapter 5: Drug Distribution System in a Hospital	
5.1 Introduction	50
5.2 Dispensing and Distribution of Drugs to In-patients	51
5.2.1 Individual Prescription Order System	51
5.2.2 Complete Floor Stock System	51

(x)	<i>Contents</i>	
		<hr/>
5.2.3	Charge Floor Stock Drugs: Dispensing	52
5.2.4	Non-Charge Floor Stock Drugs: Dispensing	53
5.3	Combination of Individual Drug Order and Stock System	55
5.4	Unit Dose Dispensing System	55
5.5	Charging Policy in Hospital	56
5.6	Computerized Pricing	57
5.7	Labelling	58
5.8	Controlled Drugs and it's Dispensing	59
	<i>Exercise</i>	60
	<i>Multiple Choice Questions</i>	60
	<i>Essay Type Questions</i>	61
	<i>Short Type Questions</i>	61
	<i>Two Marks Questions</i>	61
	Chapter 6: Hospital Formulary	
6.1	Introduction	62
6.2	Hospital Formulary and Formulary System	62
6.3	Purpose of the Hospital Formulary System	64
6.4	Guiding Principles or (Guidelines)	64
6.5	Formulary Content and Organisation	65
6.6	Composition and Appearance of the Formulary	69
6.7	Preparation of the Formulary	69
6.8	Difference Between Hospital Formulary and Drug List (or Drug Catalogue)	70
6.9	Criteria for Addition or Deletion of Drugs in the Formulary	71
	<i>Exercise</i>	72
	<i>Multiple Choice Questions</i>	72
	<i>Essay Type Questions</i>	72
	<i>Short Type Questions</i>	73
	<i>Two Marks Questions</i>	73

Chapter 7: Therapeutic Drug Monitoring

7.1 Introduction	74
7.2 Need of Therapeutic Drug Monitoring	74
7.3 Interpretation of TDM Results and Factors Need to be Considered	75
7.4 Indian scenario for Therapeutic Drug Monitoring	76
7.5 TDM in Hospital and Elsewhere in India	77
<i>Exercise</i>	77
<i>Multiple Choice Questions</i>	77
<i>Essay Type Questions</i>	78
<i>Short Type Questions</i>	78
<i>Two Marks Questions</i>	78

Chapter 8: Medication Adherence

8.1 Introduction	79
8.2 Benefits of Medication Adherence	80
8.3 Causes of Medication Non-Adherence	81
8.4 Patient related Factors for Medication Non-Adherence	81
8.5 Techniques to Improve Medication Adherence	82
8.6 Role of Pharmacist in Medication Adherence	82
8.7 Pharmacist Role in Patient Medication Adherence Monitoring	83
<i>Exercise</i>	84
<i>Multiple Choice Questions</i>	84
<i>Essay Type Questions</i>	85
<i>Short Type Questions</i>	85
<i>Two Marks Questions</i>	85

Chapter 9: Patient Medication History Interview

9.1 Introduction	86
9.2 Salient Features of Patient Medication History Review	86
9.3 Objectives/Need for Medication History Interview	87
9.4 Importance of Patient Medication Histories	87
9.5 Steps involved in Patient Medication History Review	88

<i>Exercise</i>	92
<i>Multiple Choice Questions</i>	92
<i>Short Type Questions</i>	92
<i>Two Marks Questions</i>	93

Chapter 10: Community Pharmacy Management

10.1	Introduction	94
10.2	Human Resource Management (Staffing Management)	94
10.2.1	Importance of Staffing	95
10.3	Material Management	95
10.3.1	Stocking of Materials	96
10.3.2	Functions of Stocking	96
10.3.3	Arrangements of Drugs in a Store	96
10.3.4	Coding of Materials	97
10.3.5	Methods of Codification	97
10.4	Infrastructure Requirements	98
10.4.1	Space Layout	98
10.4.2	Selection of Site	98
10.4.3	Points to be considered for Selecting the Plant Location or Site	98
10.4.4	Selection of Plant Location	99
10.5	Financial Management	101
	<i>Exercise</i>	102
	<i>Multiple Choice Questions</i>	102
	<i>Essay Type Questions</i>	102
	<i>Short Type Questions</i>	102
	<i>Two Marks Questions</i>	103

Chapter 11: Pharmacy and Therapeutic Committee

11.1	Introduction	104
11.2	Purpose/Objectives	104
11.3	Composition/Organisation/Membership	105
11.4	Agenda of Committee	105
11.5	Functions of the Pharmacy and Therapeutic Committee (PTC)	106

11.6	Policies of Pharmacy and Therapeutic Committee	107
11.7	In-patient Prescribing	108
11.8	Out-patient Prescribing	110
11.9	Role of PTC in Drug Safety	110
11.10	Automatic Stop Orders (ASO) for Dangerous Drugs	111
11.11	Preparation of Emergency Drug List: Role of PTC	112
	Exercise	114
	Multiple Choice Questions	114
	Essay Type Questions	114
	Short Type Questions	114
	Two Marks Questions	114

Chapter 12: Drug Information Services

12.1	Introduction	115
12.2	Drug Information	115
12.3	Drug Information Services	115
12.4	Drug Information Centre	115
12.5	Poison Information Centre	118
12.6	Poison Information Centres in India	119
12.7	Objectives of Drug Information Centres	119
12.8	Sources of Drug Information	119
	12.8.1 Primary Literature	120
	12.8.2 Secondary Literature	120
	12.8.3 Tertiary Literature	120
12.9	Health Science Libraries	120
12.10	Drug Information on the Internet	121
12.11	Informational Sources for Disease	121
12.12	Location of DIC	121
12.13	Facilities Available in DIC	121
12.14	Staff Requirement in DIC	122
12.15	Maintenance of Documents	122
12.16	Drug Information Specialist: The Required Abilities	122

(xiv) *Contents*

12.17	Computerized Services	123
12.18	Storage and Retrieval of Information (SARI)	123
	<i>Exercise</i>	126
	<i>Multiple Choice Questions</i>	126
	<i>Essay Type Questions</i>	127
	<i>Short Type Questions</i>	127
	<i>Two Marks Questions</i>	127

Chapter 13: Patient Counselling

13.1	Introduction	128
13.2	Patient Counselling	128
13.3	Pharmacist Role in Patient Counselling	128
	13.3.1 Verbal Communication	129
	13.3.2 Non-verbal Communication	129
13.4	Other Aspects of Counselling Process	130
13.5	Favorable Environment	131
13.6	Process (Steps) Involved in Patient Counselling	131
13.7	Key Points of Counselling Session	132
13.8	Counselling Aids	133
13.9	Documentation of Counselling	134
13.10	Barriers to Patient Counselling	134
13.11	Strategies to Overcome the Barriers	135
	<i>Exercise</i>	138
	<i>Multiple Choice Questions</i>	138
	<i>Essay Type Questions</i>	138
	<i>Short Type Questions</i>	138
	<i>Two Marks Questions</i>	139

Chapter 14: Education and Training Programme in the Hospital

14.1	Introduction	140
14.2	Role of Pharmacist in the Education and Training Programme	140
14.3	Internal Teaching Programme in Hospitals	141

14.4	External Teaching Programme in Hospitals	142
14.5	Code of Pharmaceutical Ethics	143
14.6	Standards of Professional Conduct	144
14.6.1	Pharmacist in Relation to his Job	144
14.6.2	Pharmacist in Relation to his Trade	145
14.6.3	Pharmacist in Relation to Medical Profession	146
14.6.4	Pharmacist in Relation to his Profession	146
14.7	Pharmacist Oath	147
14.8	Role of Pharmacist in Interdepartmental Activities and Communication	147
14.9	Roll of Pharmacy in Community Health Education	148
	<i>Exercise</i>	149
	<i>Multiple Choice Questions</i>	149
	<i>Essay Type Questions</i>	149
	<i>Short Type Questions</i>	149
	<i>Two Marks Questions</i>	150

Chapter 15 : Prescribed Medication Order and Communication Skills

15.1	Introduction: Medication Order	151
15.1.1	Types of Medication Orders	152
15.1.2	Types of Prescribing Practitioners	152
15.1.3	Interpretation of Physician Medication Order	152
15.2	Liquid Measurements	154
15.3	Determination of Time to Administer the Medication	154
15.4	Points to be considered while Interpreting Medication Order	154
15.5	Legal Requirements	155
15.6	Introduction	157
15.6.1	Advantages of Effective Communication	158
15.6.2	Disadvantages of Poor Communication	158
15.6.3	Factors that Influencing Communication Skill	158
15.6.4	Reason (Rational) for Poor Communication Skill	160
15.6.5	How to improve the Communication Skill between Physician and Patient?	160

<i>Exercise</i>	161
<i>Multiple Choice Questions</i>	161
<i>Essay Type Questions</i>	161
<i>Short Type Questions</i>	161
<i>Two Marks Questions</i>	161

Chapter 16: Budget-Preparation and Implementation

16.1 Introduction	162
16.2 Purpose of Budget	163
16.3 Types of Budget	164
16.4 Implementation of Budget	165
<i>Exercise</i>	166
<i>Multiple Choice Questions</i>	166
<i>Short Type Questions</i>	167
<i>Two Marks Questions</i>	167

Chapter 17: Clinical Pharmacy

17.1 Introduction and Concept of Clinical Pharmacy	168
17.2 Objectives of Clinical Pharmacy	168
17.3 Functions and Responsibilities of Clinical Pharmacist	169
17.4 Ward Round Participation	170
17.5 Goals and Objectives	170
17.6 Classification of Ward Round	170
17.7 Drug Therapy Monitoring	172
17.8 Medication Order/Chart Review	172
17.9 Procedure Involved in MOR/MCR	173
17.10 Collection and Interpretation of Patient-Specific Information	173
17.11 Assessment of Therapeutics Goals	173
17.12 Identification of Drug Related Problems	174
17.13 Clinical Review/ Clinical Progress Review	174
17.14 Medication History	175

<i>Exercise</i>	176
<i>Multiple Choice Questions</i>	176
<i>Essay Type Questions</i>	177
<i>Short Type Questions</i>	177
<i>Two Marks Questions</i>	177

Chapter 18: Over the Counter (OTC) Drugs

18.1 Introduction	178
18.2 Over the Counter Drugs	178
18.3 Sale of Over the Counter Drugs	179
18.4 Over the Counter Drugs: Risk of Overdose	180
18.5 Measures for Overdose of OTC Products	180
<i>Exercise</i>	182
<i>Multiple Choice Questions</i>	182
<i>Short Type Questions</i>	182
<i>Two Marks Questions</i>	182

Chapter 19: Manufacturing of Pharmaceutical Preparation

Part 1: Sterile Manufacturing

19.1 Large Volume Parenteral (LVP) and Small Volume Parenteral (SVP)	183
19.1.1 Requirements and Production Facilities	183
19.1.2 Production Facilities (Layout of Sterile Product Area)	184
19.1.3 Planning of Production and its Processing	186
19.1.4 Types of Container	187
19.2 Evaluation of Parenteral	187

Part 2: Non-Sterile Manufacturing

19.3 Introduction	189
19.3.1 Requirements and Manufacturing Facilities	189
19.4 Manufacturing of Tablet	191
19.5 Biphasic Liquid Dosage Forms	192
19.6 Manufacturing of Preparation for External Use	193
19.7 Total Parenteral Nutrition (TPN)	194

<i>Exercise</i>	196
<i>Multiple Choice Questions</i>	196
<i>Essay Type Questions</i>	196
<i>Short Type Questions</i>	196
<i>Two Marks Questions</i>	196

Chapter 20: Drug Store Management and Inventory Control

20.1	Introduction	198
20.2	Objectives of Drug Store	198
20.3	Organization of Drug Store	198
20.3.1	Store Layout	199
20.3.2	Type of Materials and their Arrangement	200
20.3.3	Storage Conditions	201
20.3.4	Purchase and Inventory Control	202
20.4	Role of Purchase Officer in Drug Procurements in Large Hospitals	202
20.5	Role of Pharmacists in Drug Procurements in Large and Teaching Hospitals	202
20.6	Purchase Procedure	203
20.7	Inventory Control	205
20.8	Need for Inventory Control	206
20.9	Objectives of Inventory Control	206
20.10	Techniques of Inventory Control	206
20.10.1	ABC Analysis	207
20.10.2	VED Analysis	207
20.10.3	Economic Order Quantity (EOQ)	208
20.10.4	Lead Time	208
20.10.5	Buffer Stock	208
<i>Exercise</i>		209
<i>Multiple Choice Questions</i>		209
<i>Essay Type Questions</i>		210
<i>Short Type Questions</i>		210
<i>Two Marks Questions</i>		210

Chapter 21: Investigational Use of Drugs

21.1	Introduction	211
21.2	Principle Involved	211
21.3	Classification of Drugs	212
21.4	Control of Investigational Use of Drugs	213
21.5	New Drug Report Form	215
21.6	Identification of Investigational Use Drugs	216
21.7	Role of Pharmacist in the Clinical Evaluation of a Drug under Investigation	217
21.8	Investigational Use of Drugs and Pharmacy and Therapeutic Committee (PTC) (Advisory Committee)	218
	<i>Exercise</i>	218
	<i>Multiple Choice Questions</i>	218
	<i>Essay Type Questions</i>	219
	<i>Short Type Questions</i>	219
	<i>Two Marks Questions</i>	219

Chapter 22: Interpretation of Clinical Laboratory Tests

22.1	Introduction	220
22.2	Clinical Blood Chemistry Tests (Blood Chemistry)	220
22.2.1	Bleeding Time Test	225
22.2.2	Clotting Time	225
22.2.3	Prothrombin Time	225
22.2.4	Erythrocyte Sedimentation Rate (ESR Test or Sed Test)	225
22.2.5	Haematocrit Test	226
22.2.6	Blood Counts	226
22.2.7	Platelets Counts	227
22.3	Urine Analysis	227
22.3.1	Physical Properties	227
22.3.2	Chemical Tests (For Abnormal Constituents)	228
22.3.3	Microscopic Examination of Urine Sediments	230
	<i>Exercise</i>	230
	<i>Multiple Choice Questions</i>	230
	<i>Short Type Questions</i>	230
	<i>Two Marks Questions</i>	231

Chapter 23: Professional Relationship and Practice of Hospital Pharmacist

23.1	Introduction	232
23.2	Objectives of the Hospitals Pharmacy	232
23.3	Key Role or Functions of Hospital Pharmacist	233
23.4	Professional Relationship of Hospital Pharmacist	233
23.5	Hospital Pharmacist Role in Practice	236
23.6	Participating in Teaching and Information Services of the Hospital	236
23.7	Developing Pharmacy Bulletin	237
23.8	Providing Service through Hospital Committees	238
	<i>Exercise</i>	239
	<i>Multiple Choice Questions</i>	239
	<i>Essay Type Questions</i>	240
	<i>Short Type Questions</i>	240
	<i>Two Marks Questions</i>	240
	<i>References</i>	241
