|---------------|-------|

## CHAPTER 1: Industrial Hygiene

|                                       |    |
|---------------------------------------|----|
| 1.1 History .....                     | 1  |
| 1.2 Definitions .....                 | 8  |
| 1.2.1 Health .....                    | 9  |
| 1.2.2 Hygiene .....                   | 13 |
| 1.2.3 Hazard .....                    | 13 |
| 1.2.4 Occupational Disease .....      | 19 |
| 1.3 Control Measure .....             | 20 |
| 1.3.1 Elimination .....               | 20 |
| 1.3.2 Substitution .....              | 22 |
| 1.3.3 Change in the Process .....     | 30 |
| 1.3.4 Reduce Exposure Time .....      | 39 |
| 1.3.5 Enclosure and Segregation ..... | 39 |
| 1.3.6 Wet Method.....                 | 39 |
| 1.3.7 Local Exhaust Ventilation ..... | 40 |
| 1.3.8 Dilution Ventilation.....       | 42 |

## CHAPTER 2: Personal Hygiene

|  |    |
|--|----|
| 2.1 Importance of Personal Hygiene ..... | 43 |
| 2.2 Hair .....                           | 47 |
| 2.3 Teeth and Mouth.....                 | 50 |
| 2.4 Skin.....                            | 54 |
| 2.5 Hands .....                          | 58 |
| 2.6 Feet .....                           | 60 |
| 2.7 Nose and Eyes .....                  | 63 |

## CHAPTER 3: Chemical Hazards

|        |   |    |
|--------|---|----|
| 3.1    | Introduction to Chemical Hazard.....  | 77 |
| 3.1.1  | What are Chemicals?.....  | 77 |
| 3.1.2  | Three Main Chemical States .....  | 78 |
| 3.1.3  | Common Chemical Hazards.....  | 78 |
| 3.1.4  | What does the Law Say? .....  | 79 |
| 3.1.5  | General Tips for Chemical Safety .....                                      | 80 |
| 3.1.6  | Controlling Chemical Hazards in the Workplace.....                          | 80 |
| 3.2    | Properties of Chemical Dust, Fumes, Smoke,<br>Mist, Vapours and Gases ..... | 81 |
| 3.3    | Route of Entry to Human System .....  | 82 |
| 3.4    | Recognition of Chemical Hazards .....                                       | 87 |
| 3.5    | Evaluation.....   | 88 |
| 3.5.1  | Monitoring Methods.....   | 88 |
| 3.6    | Control of Basic Hazard .....   | 90 |
| 3.6.1  | Substitutions .....   | 90 |
| 3.6.2  | Containment .....   | 90 |
| 3.6.3  | Reduction .....   | 90 |
| 3.6.4  | Administrative control.....   | 90 |
| 3.6.5  | Employer must Ensure that .....   | 91 |
| 3.7    | Concepts of the Dose-Response Relationship .....                            | 91 |
| 3.8    | Threshold Limit Value.....  | 92 |
| 3.9    | Air Sampling Strategies .....   | 93 |
| 3.10   | Bio Chemical Action of Toxic Substances .....                               | 95 |
| 3.11   | Biological Sampling and Analysis.....                                       | 96 |
| 3.11.1 | Survey Protocol.....  | 96 |
| 3.11.2 | Sampling Methods.....   | 97 |
| 3.12   | Work Environment Monitoring .....   | 98 |

## CHAPTER 4: Personal Protective Equipment

|       |  |     |
|-------|--|-----|
| 4.1   | Need for PPE .....                                       | 99  |
| 4.2   | Method for Selection of PPE .....                        | 100 |
| 4.3   | Non-Respiratory PPE (Personal Protective Equipment)..... | 102 |
| 4.3.1 | PPE for Head.....  | 102 |

|       |  |     |
|-------|--|-----|
| 4.3.2 | PPE for EARS .....                         | 104 |
| 4.3.3 | PPE for Eyes .....                         | 106 |
| 4.3.4 | Hand Protection.....                       | 109 |
| 4.3.5 | Foot Protection .....                      | 112 |
| 4.3.6 | Body Protection.....                       | 115 |
| 4.4   | Respiratory PPE.....                       | 118 |
| 4.4.1 | Classification of Respirators .....        | 120 |
| 4.4.2 | Selection of Respiratory PPE .....         | 126 |
| 4.4.3 | Instructions and Trainings in the Use..... | 130 |
| 4.4.4 | Maintenance and Care of PPE.....           | 134 |
| 4.4.5 | Testing Procedures and Standards.....      | 135 |

## **CHAPTER 5: Housekeeping**

|       |  |     |
|-------|--|-----|
| 5.1   | Introduction to Housekeeping and Maintenance ..... | 143 |
| 5.2   | Importance of Good Housekeeping .....              | 144 |
| 5.2.1 | Purpose of Workplace Housekeeping .....            | 145 |
| 5.2.2 | Planning of Good Housekeeping Programme .....      | 145 |
| 5.2.3 | Elements of an Effective Housekeeping Program..... | 146 |
| 5.3   | Understanding Housekeeping Responsibilities .....  | 149 |
| 5.4   | Develop Good Housekeeping Habits.....              | 150 |
| 5.5   | Benefits of Good Housekeeping .....                | 152 |
| 5.6   | Cost of Poor Housekeeping .....                    | 154 |
| 5.7   | Basics of 5S .....                                 | 155 |

## **CHAPTER 6: Occupational Health**

|       |   |     |
|-------|---|-----|
| 6.1   | Definition.....   | 165 |
| 6.2   | Common Occupational Disease.....                            | 165 |
| 6.3   | Biological Monitoring .....                                 | 175 |
| 6.3.1 | Methods of Prevention of Occupational Disease .....         | 180 |
| 6.4   | Compensation for Occupational Diseases .....                | 183 |
| 6.5   | Evaluation of Injuries .....                                | 187 |
| 6.6   | Occupational Health Management Services at Work Place ..... | 191 |

## **CHAPTER 7: Occupational Health Hazard**

|   |     |
|---|-----|
| 7.1 Occupational Hazards.....   | 195 |
| 7.1.1 Adverse Health Effects from Noise.....                                | 200 |
| 7.1.2 Adverse Health Effects of Vibration.....                              | 202 |
| 7.1.3 Adverse Health Effects of Cold.....                                   | 205 |
| 7.1.4 Adverse Health Effects of Heat.....                                   | 208 |
| 7.1.5 Adverse Health Effects of Stress.....                                 | 212 |
| 7.1.6 Adverse Health Effects of Improper Illumination.....                  | 215 |
| 7.1.7 Adverse Health Effects of Thermal Radiation.....                      | 219 |
| 7.1.8 Adverse Health Effects of Ionizing and<br>Non-Ionizing Radiation..... | 220 |
| 7.2 Permissible Threshold Exposure Limit.....                               | 221 |
| 7.3 Long Term and Short Term Effects of Exposure.....                       | 228 |
| 7.4 Preventive and Control Measures.....                                    | 228 |
| 7.5 Pre-Employment and Periodic Medical Examination of Workers.....         | 231 |
| 7.6 Medical Surveillance and Health Records.....                            | 234 |

## **CHAPTER 8: Fundamentals of First Aid**

|   |     |
|---|-----|
| 8.1 Introduction to First Aid.....            | 241 |
| 8.2 Burns.....                                | 243 |
| 8.3 Fracture.....                             | 246 |
| 8.4 Suffocation.....                          | 251 |
| 8.5 Toxic Ingestion.....                      | 254 |
| 8.6 Bleeding Wounds.....                      | 257 |
| 8.7 Artificial Respiration.....               | 261 |
| 8.8 Cardio-Pulmonary Resuscitation (CPR)..... | 261 |
