Preface(v)

Chapter 1: Overview of the Global Pharmaceutical Industry

Introduction to Indian Pharmaceutical Industry	4
Pharmaceutical Companies and their Classification	7
Classification by Nature of Operations	7
Classification by Product Range	8
Classification by Ownership.....	9
Classification by Market Reach.....	9
Importance of Marketing in the Pharmaceutical Industry	10
Enhancing Product Awareness	10
Educating Healthcare Professionals and Patients	11
Facilitating Market Penetration	11
Navigating Regulatory and Ethical Considerations.....	12
Supporting Public Health Initiatives	12
Driving Innovation and Economic Growth	13
Key Stakeholders in Pharmaceutical Marketing in India	13
Medical Retailers.....	13
Healthcare Professionals	14
Patients and Consumers.....	15
Regulatory Authorities	15
Pharmaceutical Industry Associations.....	16
Case Studies	17
Questions	18
Multiple Choice Questions	19

Chapter 2: The Pharmaceutical Products

Introduction	23
Prescription Drugs.....	24

Major Categories and Usage of Prescription Drugs	25
Antibiotics	25
Antivirals	26
Antifungals	26
Antiparasitics	26
Anti-inflammatory Drugs	26
Antidepressants	27
Antipsychotics	27
Anxiolytics	27
Immunosuppressants	27
Diuretics	28
Antipyretics and Analgesics	28
Antihypertensives	28
Anti-diabetic Drugs	28
Psychotropic Drugs	29
Cardiovascular Drugs	29
Respiratory Drugs	29
Gastrointestinal Drugs	29
Hormonal Medicines	30
Anti-Cancer Drugs	30
Leading Brands and Manufacturers of Prescription Drugs	30
Over-The-Counter Drugs	33
Popular OTC Drugs in India	33
Paracetamol	33
Ibuprofen	34
Cetirizine	34
Ranitidine	34
Domperidone	34
Loperamide	35
Topical Analgesics	35
Antacids	35
Regulatory Requirements of OTC Drugs in India	35
Biopharmaceuticals	38

Types of Biopharmaceuticals39

 Monoclonal Antibodies (mAbs).....40

 Vaccines40

 Recombinant Proteins.....41

 Gene Therapy41

 Cell Therapy41

 Biosimilars42

 Blood Products42

Biopharmaceuticals Companies43

 Biocon Ltd.....43

 Dr. Reddy's Laboratories.....43

 Sun Pharmaceutical Industries Ltd.....44

 Cipla Ltd.....44

 Lupin Ltd.....44

 Zydus Cadila44

 Serum Institute of India.....45

 Wockhardt Ltd.....45

Case Studies46

Suggestive Questions from the Chapter47

Multiple Choice Questions47

Chapter 3: Understanding the Medical Representative

Who is a Medical Representative?52

Qualities of a Medical Representative.....54

Qualifications & Skills Required for
Hiring a Medical Representative58

Personal Attributes Required for a Medical Representative.....61

 Communication Attribute.....61

 Knowledge Attribute61

 Self - Motivative Attribute61

 Organizational Attribute.....61

 Technical Attribute.....62

Adapting Attribute.....	62
Ethical Conduct	62
Problem-solving Attribute	62
Collaborative Attribute	63
Emotional Intelligence.....	63
Presenting Attribute.....	63
Patience and Persistence.....	63
Customer - focused Attribute	63
Analytical Attribute	64
Stress Managing Attribute	64
Detailing Attribute.....	64
Leadership Attribute.....	64
Professional Appearance and Demeanour	64
Importance of a Medical Representative in the Pharmaceutical Industry	65
The Role of a Medical Representative	65
Product Promotion and Awareness	65
Building and Maintaining Relationships	65
Providing Feedback to the Company.....	66
Supporting Pharmacovigilance Efforts.....	66
Driving Sales and Market Penetration.....	66
The Indian Pharmaceutical Market Context	66
Some Examples	67
Rural Healthcare Access.....	67
Introducing New Therapies	67
Managing the Competitive Landscape	67
Supporting Government Health Initiatives.....	68
Challenges Faced by Medical Representatives	68
Responsibilities of a Medical Representative.....	69
Product Promotion and Sales.....	69
Effective and Impactful Communications	69
Building and Maintaining Relationships	70

Market Intelligence and Feedback Collection 70

Achieving Sales Targets 70

Conducting Continuing Medical Education (CME) Programs 71

Regulatory Compliance and Ethical Practices 71

Managing Samples and Promotional Materials 72

Handling Objections and Addressing Concerns 72

Territory Management and Reporting 72

Adapting to Technological Advancements 73

Conducting Sales Events 73

Case Studies 74

Suggestive Questions from the Chapter 75

Multiple Choice Questions 75

**Chapter 4: Understanding the Doctor by a
Medical Representative**

Doctors, as understood by a Typical Indian 81

Understanding the Doctors as Customers 82

Importance of Understanding Doctors as a Customer 85

Characteristics of Doctors as Customers 87

Categories of Doctors in India: An Overview 91

General Practitioners (GPs) 91

Specialists 91

Super Specialists 93

Consultant Physicians 94

Surgeons 94

Ayurvedic and Homeopathic Doctors 94

Dentists 95

Psychiatrists and Psychologists 96

Public Health Specialists 97

Academicians and Researchers 97

Doctor’s Decision Making Process 97

Clinical Evidence and Guidelines 98

Evidence Based Medicine as a Influencing Factor.....98
Patient-Centric Considerations99
Influence of Clinical Guidelines.....99
Influence of Medical Representatives100
Medical Representatives Generates Trust for their Organisations100
Economic and Regulatory Factors.....101
Technological Advancements.....101
Understanding Doctors’ Needs and Preferences102
Compliance in Maintaining Doctor-Representative Relationship104
Case Studies.....107
Suggestive Questions from the Chapter108
Multiple Choice Questions108

**Chapter 5: Importance of the Distribution Network in
Pharmaceutical Sales**

The Distribution Network in Pharmaceuticals114
Definition and Purpose of Distribution Network in Pharmaceuticals116
 Definition of Distribution Network116
 Purpose of the Distribution Network.....117
Key Players in the Distribution Network.....118
Types of Distributors in Pharmaceutical Sales.....121
Types of Stockists in Pharmaceutical Sales.....123
Types of Retailers in Pharmaceutical Sales.....126
Role of Retailers in the Distribution Network129
Distributor-Stockist Relationship130
 Coordination and Communication130
 Contractual Agreements between Distributors and Stockists.....132
Stockist-Retailer Relationship134
 Order Fulfilment: Ensuring a Steady Supply Chain134
 Credit Management: Balancing Financial
 Stability and Business Growth135

Medical Representative's Role in the Distribution Network 137

 Product Promotion and Sales..... 137

 Trust Building in the Distribution Network 138

 Understanding and Supporting the Network 138

 Addressing Challenges in the Network 139

Case Studies..... 141

Suggestive Questions from the Chapter 142

Multiple Choice Questions 143

**Chapter 6: Pharmaceutical Product Sales
Strategies and Techniques**

Sales Techniques in the Indian Pharmaceutical Sales Ecosystem 146

Personalized Engagement with Healthcare Professionals 146

Strategic Sampling and Free Trials..... 147

Use of Digital Tools and E-Detailing 148

 Leveraging Key Opinion Leaders (KOLs) 148

 Customized Sales Approaches for Different Segments..... 149

 Building Long-Term Relationships through Value Addition..... 149

Relationship Building with Healthcare Professionals 150

 Understanding the Dynamics of HCP Relationships..... 150

 Building Trust and Credibility..... 150

 Ethical Considerations in Relationship Building..... 151

 Leveraging Technology in Relationship Building..... 151

 Long-Term Relationship Building 152

Territory Management 152

 Defining Sales Territories..... 153

 Territory Planning and Optimization..... 153

 Territory Planning 153

 Optimization 154

 Technology 154

 Challenges 154

Effective Communication Skills for Medical Representatives..... 155

- Presentation Skills 156
- Negotiation Skills 157

Territory Travel Planning 160

- Allocating Sales Territory 160
- Assessment of Sales Travel Cost..... 160
- Preparation of Travel Plan..... 161
- Travel Expense Planning..... 162
- Sales Reporting and Documentation 163
- Online Reporting 163
- Offline Reporting..... 164
- Sales Statement Preparation 164
- Expense Statement Preparation 165
- Retail Counter Monitoring and Reporting..... 165
- Prescription Monitoring and Reporting..... 166

Case Studies..... 168

Suggestive Questions from the Chapter 169

Multiple Choice Questions 169

Chapter 7: Field Sales Force Management

Process of Recruitment and Selection 174

Online Screening of Candidates 178

- Components of Online Screening..... 179
- Process of Online Screening..... 180
- Challenges and Considerations in Online Screening..... 181

Open Application Based Screening Process..... 182

- Importance of the Open Application-Based with Interview Process..... 185
- Disadvantages of Open Application Screening 185
- Walk-in-Interview Selection Process of Medical Representatives..... 185
- Process of Walk-in Interviews for Selecting Medical Representatives.... 186
- Disadvantages of the Walk-in-Interview Selection Process..... 187

Experienced Candidate Referral Selection 188
 Disadvantages of the Experienced
 Candidate Referral Selection Process..... 190
 Training and Development of Medical Representatives..... 192
 Initial Training Programs 192
 Continuous Professional Development (CPD)..... 194
 Motivation and Incentive Programs..... 196
 Performance Evaluation 200
 Setting Performance Metrics 201
 Conducting Performance Reviews 203
 Case Studies..... 206
 Suggestive Questions from the Chapter 207
 Multiple Choice Questions 207

Chapter 8: Pharmaceutical Sales Territory Management

Defining Sales Territories..... 214
 Defining Sales Territories..... 214
 Balancing Workloads 216
 Sales Territory Planning 218
 Setting Objectives and Goals..... 218
 Resource Allocation 220
 Performance Management and Evaluation..... 222
 Setting Performance Targets 222
 Key Performance Indicators (KPIs) 223
 Performance Appraisal Methods 225
 Sales Budget Preparation..... 227
 Territory Optimization..... 230
 Use of Technology in Territory Optimization 230
 Monitoring and Adjusting Plans..... 231
 Case Studies..... 234
 Suggestive Questions from the Chapter 235
 Multiple Choice Questions 236

Chapter 9: Pharmaceutical Product Launch and Product Lifecycle Management

Introduction	240
Pre-Launch Activities of Pharmaceutical Products	242
Integrated Example of Pre-Launch Activities	248
Launch Strategies of Pharmaceutical Products.....	249
Post-Launch Activities of Pharmaceutical Products.....	256
Case Studies.....	263
Suggestive Questions from the Chapter	264
Multiple Choice Questions	264

Chapter 10: Communications and Promotional Strategies of Pharmaceutical Products

Introduction	268
Marketing Communications for Pharmaceutical Products	269
Components of Marketing Communications for Pharmaceutical Products...	270
Digital Marketing in Pharmaceutical Sector in India	273
Online Engagement Strategies for Pharmaceutical Products	274
E-Marketing of Pharmaceutical Products in India	274
Social Media Marketing of Pharmaceutical Products in India	275
Traditional Marketing Techniques in the Pharmaceutical Industry.....	276
Case Studies.....	280
Suggestive Questions from the Chapter	282
Multiple Choice Questions	282

Chapter 11: Data Analysis and Market Research

The Importance of Data for Pharmaceutical Marketing	286
Types of Pharmaceutical Market Research	287
Analysis of Sales Data for Pharmaceutical Marketing	291
Use of Data for Developing Marketing Strategies.....	298
Decision-Making Processes.....	302

Case Studies.....306
 Suggestive Questions from the Chapter308
 Multiple Choice Questions309

Chapter 12: Regulatory and Ethical Considerations

Introduction312
 Understanding Pharmaceutical Regulations313
 Compliance Requirements for Manufacturing Activities317
 Ethical Marketing Practices of Pharmaceutical Products321
 Case Studies.....330
 Suggestive Questions from the Chapter332
 Multiple Choice Questions332

Chapter 13: Future Trends and Innovations in Field Marketing

Introduction336
 Emerging Technologies for Pharmaceutical Sales338
 Future of Sales Force Automation.....354
 Changing Drug Regulatory Landscape.....360
 Predictive and Prescriptive Analytics366
 Evolving Market Dynamics368
 Evolving Customer Expectations372
 Case Studies.....376
 Suggestive Questions from the Chapter378
 Multiple Choice Questions378
