

Contents

<i>Preface</i>	(v)
----------------------	-----

Pharmaceutical Organic Chemistry - I

1. Classification and Nomenclature of Organic Compounds.....	1
2. Alkanes, Alkenes and Alkadienes	11
3. Alkyl Halides and Alcohols	23
4. Carbonyl Compounds (Aldehydes and Ketones)	38
5. Carboxylic Acids and Aliphatic Amines.....	51

Pharmaceutical Organic Chemistry - II

6. Benzene and its Derivatives	67
7. Aromatic Amines	80
8. Aromatic Carboxylic Acids.....	86
9. Aromatic Compounds-Phenols.....	92
10. Fats and Oils.....	98
11. Polynuclear Hydrocarbons	106
12. Cyclo Alkanes	119

Pharmaceutical Organic Chemistry - III

13. Stereo Isomerism.....	126
14. Geometrical Isomerism	136
15. Heterocyclic Chemistry.....	141
16. Synthesis, Reactions and Medicinal Uses of Pyridine, Pyrazole, Imidazole, Oxazole, Thiazole and Isoquinoline Compounds	163
17. Reactions of Synthetic Importance.....	171

Medicinal Chemistry - I

18. Physicochemical Properties of Drug Molecule and Drug Metabolism.....	175
19. Adrenergic Drugs	181
20. Cholinergic Drugs	186
21. Sedatives and Hypnotics	192
22. Barbiturates	197
23. Anti-psychotic Drugs	199
24. Anti-epileptics.....	202
25. General Anesthetics	206
26. Narcotic Analgesics.....	209
27. NSAIDs	212

Medicinal Chemistry - II

28. Antihistaminic Agents.....	214
29. Anti Cancer Agents	219
30. Anti Anginal Drugs	225
31. Diuretics	228
32. Anti Hypertensive Drugs.....	236
33. Anti- Arrhythmic Drugs	241
34. Anti Hyperlipidemics	245
35. Coagulants & Anticoagulants	247
36. Drugs used in Congestive Heart Failure.....	250
37. Drug Acting on Endocrine System and Steroids.....	252
38. Thyroid and Anti Thyroid Drugs.....	257
39. Hypoglycemic Agents	259
40. Local Anaesthetics	263

Medicinal Chemistry - III

41. Antibiotics	268
42. Macrolide and Miscellaneous Antibiotics.....	275
43. Prodrugs	278
44. Anti Malarial Agents.....	280
45. Anti Tubercular Drugs	284
46. Urinary Tract Anti Infective Agents	288
47. Anti Viral Drugs	290
48. Anti Fungal Drugs	294
49. Antiamoebic Drugs	297
50. Anthelmintic Drugs.....	299
51. Sulphonamides	301
52. Drug Design	306
53. Antiprototozoal Agents.....	310
